# QUALITY WINS!

## PROMOTE YOUR COMPANY AND THE INDUSTRY!

**We want to learn about your outstanding international project** to demonstrate the excellent performance of Europe's consulting industry !

**We want to learn about your outstanding international project** because we know the effect of publicity can have for your company.

**Let us be honest:** How are customers to know that cooperation with Management Consultants brings successful solutions? The more outstanding practices are known, the better: Excellent solutions, increased growth – and less dumping:  
**Quality wins !**

# WIN-WIN FOR ME !

## QUALITY WINS!

Competition in every market is growing and becoming tougher – demonstrating quality becomes increasingly important. Therefore the Austrian Consultants – like colleagues in other countries, have started an offensive for quality in the industry by launching the Constantinus awards.

### Constantinus has proven an excellent tool in the past 3 years.

Therefore Feaco – the European Management Consultancies Association has decided to participate this year in the Constantinus 2006 process and open this high level platform to Management Consultants all over Europe. The Austrian Association is proud and honoured to support and organize for you the 2006 award.

Participation in Constantinus 2006 offers you the unique opportunity to have your project presented to a large audience, the European market and the international media. Your contribution will help shaping the image of our industry and demonstrate your strength, quality and success to customers.

**We invite you: Submit your projects quickly for Constantinus 2006 – this is a Win-Win-opportunity !**

- **Constantinus is** a proven and successful concept developed by the Austrian Management Consultants – now available across Europe.
- **The Constantinus awards** get the attention of experts and the media.
- **Image Turbo:** Best practices help strengthening the Consulting Industry – More orders, better chances to win.
- **More Business:** Being selected as a nominee has proven an excellent reference for your company.

# THE BEST. FOR ME. FOR THE INDUSTRY.

## AUSTRIA'S NATIONAL AWARD GOES INTERNATIONAL:

Constantinus 2006 is the fourth Constantinus event in Austria and the first Pan-European.

The Austrian Federal Government has formally recognized Constantinus as a Federal Government Award in December 2005.

Feaco has decided to open Constantinus with help of the Austrian Management Consultants to all its members.

Apart from the original 5 national categories, 2006 will prominently feature the international category award.

## THE JURY:

Each category has its own jury. The international jury will be chaired by a former Minister of Foreign Affairs and contain national and international experts nominated by Feaco and the Austrian Federation.

## Scope of Projects:

Projects for the International Constantinus award should cover one or more of the following disciplines:

- Management Consulting
- Communication and Networking
- Information Technology (incl. Outsourcing)
- Personnel and Training
- Open Source Software

## THE HIGHLIGHTS:

- **The Constantinus and Consulting Gala** on June 19, 2006 in Graz/Austria  
Free for Winners, Nominees their customers and the media
- **"World Consultants Day"** is June 19 – worldwide press and media coverage
- **Constantinus Logo** for your Homepage to alert the market to Trophies for the Winner and his customer
- **You may submit up to two projects** – simple on-line submission.  
**Deadline:** May 6, 2006
- **Administration fee:** EUR 250.–
- **Simple Online Participation:** <http://www.constantinus.net>
- **Constantinus Folder**
